

REMARKS

On March 3, 2005, Applicant filed an amendment in response to the Final Office Action of December 10, 2004, in which a limitation from a dependent claim was incorporated into each of the independent claims. Applicant subsequently received an Advisory Action indicating that the amendments raised new issues that would require further search.

Applicant contacted the Examiner to inquire as to why he believed these amendments raised new issues. The Examiner indicated that in claim 1, in addition to incorporating the limitations of claim 2, Applicant added the phrase, "based at least in part on the act c)" and this phrase raised new issues that would require further search. Applicant inquired as to whether removing this phrase from claim 1 would place the claim in condition for allowance and the Examiner indicated that it would.

Thus, Applicant has amended claim1 to remove the phrase "based, at least in part, on the act c)." Applicant has also amended claim 11 to remove the phrase "based, at least in part, on the act c)" and amended claim 19 to remove the phrase, "based, at least in part, on the capacity of the receiver system."

All outstanding issues should now be resolved and the application should be in condition for allowance. If, after reviewing this amendment, the Examiner believes that the application is not in condition for allowance, the Examiner is respectfully requested to contact the undersigned to discuss any outstanding issues.
